

NAD NEWS

January—March 2025

NAD members were ably represented at international dermatology conferences in the first quarter of the year. The 30th Annual CME conference of the Regional Dermatology Training Centre

(RDTC) in Moshi, Tanzania, in January, the Annual Meeting of the American Academy of Dermatology in Orlando, Florida and the second WHO Skin NTDs meeting in Geneva, Switzerland, both in March, were attended by NAD members.

NAD webinars in the first quarter of the year focused on important topics relevant to dermatology practice in Nigeria, namely skin NTDs, skin bleaching and steroid use in dermatology.

NAD was well represented at the official launch of Eucerin in Nigeria, which took place in Lagos on March 28, 2025.
